

## Question 02

### **Bug Report**

**Release ID | T1 Env |Unable to upload the profile picture | Priority – High | 23/08/2024**

The system does not allow uploading a new profile picture and the system keeps loading.  
In the Test Environment 01.

URL: Attaching the test URL

Steps for replicating the issue:

1. Navigate to the URL,
2. Click on edit profile
3. Click on upload profile picture.
4. Select an image and save.

**If there is any Screenshot references / Error Messages I would attach them here.**
